

NEWMAN

REGIONAL HEALTH

Dear Supporter,

Newman Regional Health is excited to announce our Annual Golf Tournament to start our 15<sup>th</sup> Annual Denim & Diamonds fundraising season. The golf tournament will be Friday, May 3, and will be the first of many opportunities to partner with Newman Regional Health before the culmination of our season at the Denim & Diamonds Gala on Friday, August 2.

This year, Newman Regional Health will be investing over \$4 million in capital purchases to include state-of-the-art technology, diagnostic equipment, and facility construction. The proceeds from this milestone year of Denim & Diamonds will be directed towards these projects and future enhancements in our facility.

Among these projects is the acquisition and installation of an orthopedic robotic surgical arm, designed to enhance precision, reduce pain, and allow for faster recovery times.

We are also committed to advancing our imaging capabilities and will be constructing a radiology fluoroscopy room equipped with the Agfa DR 800 Multi-tool. This advanced technology improves the patient's experience and lowers radiation dosing.

Additionally, we will be replacing our current infant hearing equipment. Infant hearing testing is essential for the early detection and intervention of hearing loss, which can have a profound impact on a child's language development, social-emotional well-being, education success, and overall quality of life.

Attached please find the detailed information about the golf tournament. Please feel free to call or write with any questions.

We appreciate your generosity and look forward to seeing you on May 3<sup>rd</sup>!

Gratefully,

Events Coordinator  
Newman Regional Health
